

La passione prende forma.

## **SMARTY – SMALL SHAPES BIG FREEDOM**

For all the fervent singles out there, or for intimate and romantic evenings, Guardini made a series of six small oven moulds. So everybody can savor the pleasures of cooking without wasting any ingredients.

These small moulds are made of steel with a non-stick layer which, thanks to its features (ex. very thin), optimizes cooking times and cooking results are better.

Do you want to put yourself to the test but you still feel a bit awkward in the kitchen? The special leak-proof bottom of the springforms, avoids any unpleasant dripping of liquid mixtures during the preparation of cakes.

### ***TECHNICAL FEATURES:***

*Material: hi-top steel, single-layer non-stick coating*

*Color: black inside and out*

*Features: small sizes*

*Where: large-scale retail trade and specialized stores*
